Title List of Documents Made Publicly Available Jan 19 2023 Party, State, and Citizen in the Soviet Union Feb 25 2021 The command system has long pervaded nearly every area of

Soviet life. This volume documents the prescriptions and proscriptions that have governed everyday life in the Soviet Union policies that are currently undergoing reexamination and revision. Among the topics covered are voting and party organ **Documents** Sep 15 2022 Documents reflects on the new challenges to humanistic social science in a world in which the subjects of research increasingly share the professional passions and problems of the researcher. Documents are everywhere in modern life, from the sciences to bureaucracy to law; at the same time, fieldworkers document social realities by collecting, producing, and exchanging documents of their own. Capping off a generation of reflection and critique about the promises and pitfalls of ethnographic methods, the contributors explore how ethnographers conceive, grasp, appreciate, and see patterns, demonstrating that the core of the ethnographic method now lies in the way ethnographers respond to, and increasingly share the professional passions and problems of, their subjects. "Sophisticated and provocative. The original and unique focus of this volume effectively opens up a new arena of critique that will move ethnography and qualitative inquiry forward in a way that few other works do."

—George Marcus, Department of Anthropology, Rice University "This edited collection asks how an understanding of documentary forms sheds light on the creation and circulation of modern forms of knowledge, expertise, and governance. This is a major intervention in how we understand the everyday practice and techne of the documentary impulse and documentary apparatuses of law, bureaucratic review, and other institutions of modernity, as well as linguistic anthropology, literary theory, and law. The topic of Documents is not just of interest because of epistemological quandaries in the human sciences over textualization and interpretation, but also because the domains to which we increasingly turn our attention are themselves auto-documentary." —William M. Maurer, Chair and Associate Professor, Anthropology, University of California, Irvine

Contributors: Mario Biagioli, Donald Brenneis, Carol Heimer, Hirokazu Miyazaki, Adam Reed, Annelise Riles, and Marilyn Strathern. Annelise Riles is Professor of Law and Anthropology at Cornell University.

Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

**The Classic of History** Dec 18 2022 Originally called Shu (Book), The Classic of History got the name in the Han Dynasty, meaning a book of previous generations. It is China's earliest compilation of documentary records related to events in ancient history of China. Since the Han Dynasty, The Classic of History has been regarded as a classic on feudal Chinese politics and philosophy. It served as both a textbook for the emperors and an authoritative and classic code that children from noble families and scholar-bureaucrats must follow. The Classic of History had a great impact in Chinese history. Confucius (551–479 BC) was a Chinese teacher, editor, politician, and philosopher of the Spring and Autumn period of Chinese history.

**How to Read Chinese Paintings** Apr 29 2021

"Together the text and illustrations gradually reveal many of the major themes and characteristics of Chinese painting. To "read" these works is to enter a dialogue with the past. Slowly perusing a scroll or album, one shares an intimate experience that has been repeated over the centuries. And it is through such readings that meaning is gradually revealed."--BOOK JACKET.

*The Key to the Door* Aug 22 2020 The Key to the Door frames and highlights the stories of some of the first black students at the University of Virginia. This inspiring account of resilience and transformation offers a diversity of experiences and perspectives through first-person narratives of black students during the University of Virginia's era of incremental desegregation. The authors relate what life was like before enrolling, during their time at the University, and after graduation. In addition to these personal accounts, the volume includes a historical overview of African Americans at the University—from its earliest slaves and free black employees, through its first black applicant, student admission, graduate, and faculty appointments, on to its progress and challenges in the twenty-first century. Including essays from graduates of the schools of law, medicine,

engineering, and education, The Key to the Door a candid and long-overdue account of African American experiences at the University of Virginia. *A List of Archival References and Data of Documents from the Archives of the German Foreign Ministry, 1867-1920, Microfilmed at Whaddon Hall for the American Committee for the Study of War Documents* Sep 03 2021

[Issues of Authenticity in Chinese Painting](#) Mar 17 2020  
Published in conjunction with a December 1999 symposium held at the Metropolitan Museum of Art, New York, and an exhibition, "The Artist as Collector: Masterpieces of Chinese Painting from the C.C. Wang Family Collection." Twelve contributions give dissenting opinions regarding a book recently published by The Museum titled *Along the Riverbank*, which seeks to attribute the painting called "Riverbank" to the 10th-century landscape master Dong Yuan—an attribution that would call for the rewriting of early Chinese painting history. This volume contains 239 bandw illustrations to support the contributors' efforts to explain their opinions. Annotation copyrighted by Book News, Inc., Portland, OR  
**History of Shit** Feb 20 2023  
"A brilliant account of the politics of shit. It will leave you speechless." Written in Paris after the heady days of student

revolt in May 1968 and before the devastation of the AIDS epidemic, *History of Shit* is emblematic of a wild and adventurous strain of 1970s' theoretical writing that attempted to marry theory, politics, sexuality, pleasure, experimentation, and humor. Radically redefining dialectical thought and post-Marxist politics, it takes an important—and irreverent—position alongside the works of such postmodern thinkers as Foucault, Deleuze, Guattari, and Lyotard. Laporte's eccentric style and ironic sensibility combine in an inquiry that is provocative, humorous, and intellectually exhilarating. Debunking all humanist mythology about the grandeur of civilization, *History of Shit* suggests instead that the management of human waste is crucial to our identities as modern individuals—including the organization of the city, the rise of the nation-state, the development of capitalism, and the mandate for clean and proper language. Far from rising above the muck, Laporte argues, we are thoroughly mired in it, particularly when we appear our most clean and hygienic. Laporte's style of writing is itself an attack on our desire for "clean language." Littered with lengthy quotations and obscure allusions, and adamantly refusing to follow a linear argument, *History of Shit* breaks the rules and challenges the conventions of "proper" academic discourse.

**Model Rules of Professional Conduct** Nov 12 2019  
The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

**bookdown** Aug 14 2022

bookdown: Authoring Books and Technical Documents with R Markdown presents a much easier way to write books and technical publications than traditional tools such as LaTeX and Word. The bookdown package inherits the simplicity of syntax and flexibility for data analysis from R Markdown, and extends R Markdown for technical writing, so that you can make better use of document elements such as figures, tables, equations, theorems, citations, and references. Similar to LaTeX, you can number and cross-reference these elements with bookdown. Your document can even include live examples so readers can interact with them while reading the book. The book can be rendered to multiple output formats, including LaTeX/PDF, HTML, EPUB, and Word, thus making it easy to put your documents online. The style and theme of these output formats can be customized. We used books and R primarily for examples in this book, but bookdown is not only for books or R. Most features introduced in this book also apply to other types of publications: journal papers, reports, dissertations, course handouts, study notes, and even novels. You do not have to

use R, either. Other choices of computing languages include Python, C, C++, SQL, Bash, Stan, JavaScript, and so on, although R is best supported. You can also leave out computing, for example, to write a fiction. This book itself is an example of publishing with bookdown and R Markdown, and its source is fully available on GitHub.

The Chinese Classics Sep 22 2020

The Most Venerable Book (Shang Shu) Jan 15 2020

A wonderfully enjoyable storehouse of ancient Chinese history and legends, which also has an important role in understanding 21st-century China 'And remember: Heaven's blessing will cease forever if there's despair and poverty in your lands' The Most Venerable Book (also known as The Book of History) is one of the Five Classics, a key work of Chinese literature which preserves some of the most ancient and dramatic chronicles of the history, both real and mythological, of the Chinese state. For many centuries it was a central work for anyone wishing to work for the Imperial administration, preserving as it does a fascinating mixture of key Confucian concepts as well as page after page of heroes, benevolent rulers, sagacious

ministers, and struggles against flood, corruption and vicious, despotic rulers. The First Emperor tried in 213 BC to have all copies of the book destroyed because of its subversive implication that 'the Mandate of Heaven' could be withdrawn from rulers who failed their people. For similar reasons it was also banned by Chairman Mao. Extraordinarily, the values of The Most Venerable Book have been revived by the Chinese government of the 2010s.
